Pet Health  
Clubs

[www.ardmorevets.co.uk](http://www.ardmorevets.co.uk)

## Join the Club today and start saving

The Club differs from pet insurance in that it covers things like vaccination, worming and flea control.

We believe that a proactive approach to your pets health is better than waiting until they become ill to put things right.

A preventative approach also gives you the peace of mind that your pet is getting the best possible health care helping them to lead a happier, healthier life. You can make great savings on the annual costs of what we call 'preventative maintenance' - all the things that are essential to keep your pet in tip-top condition.

Additionally, we will reward your loyalty with exclusive Pet Health Club discounts on, amongst other things, routine neutering, dentals, microchips, and diets.

We can't emphasise enough how important it is to provide routine veterinary care and joining the Pet Health Club will help you do so for an affordable fixed monthly cost. Joining our club is easy as there are no age exclusions - just ask at reception for an application form and start saving today.
