

# The “Abbey Team” Providing the best for your Best Friend.

With over 30yrs in Companion Animal Practice, Tony Duffy the principal and founder of Abbey Veterinary Group lets us in on what makes Abbey Vets the best in the area!

Abbey vets have been in existence since 1975 when it first opened its doors in Thurnscoe midway between Barnsley and Doncaster. Tony himself moved to Barnsley in 1978 and there has been a steady expansion from then to the current level of 7 sites.

The Main Barnsley Centre on Dodworth Road is superbly equipped with Three operating theatres and a very comprehensive in house laboratory, the Dodworth Road centre gained the distinction of being British Small Animal Veterinary Association approved at that time, one of only 165 practices out of 3500 listed in the UK putting Abbey vets in the top 5% of veterinary clinics in the UK.

To achieve this award every member of the Abbey team is scrutinised and assessed. – Rigorously.

The main site is complimented by 6 satellite consulting clinics covering Barnsley and the North Sheffield area, the team at Abbey consists of a total of 10 vets and over 30 support staff, despite having such a large number of vets they offer a highly individual service with an efficient appointment system and by having one dedicated veterinary surgeon / receptionist at each of the branches you and your pet always see a familiar face.

As Principal Tony is constantly updating the knowledge of all his team and the practice regularly attend CPD (Continuing Professional Development) courses. Abbey vets is also registered as a nurse training centre and currently have two nurses in training as well as their four qualified veterinary nurses.

They provide a full 24-hour emergency cover at their main centre, thus you can gain advice or emergency treatment at any time by your own vets. Many veterinary practises now use ‘emergency service centres’ at night, which may be many miles away and in an area you are not familiar with. Not an ideal situation when you are already concerned for the health of your pet.

Daytime house calls are a pleasure for the team if you are unable to get to one of the branches or if you do not wish to move your pet. Three ambulances are also available to collect and deliver you and your pet.

Abbey are open 365 days of the year with Christmas day being emergencies only, the opening hours are second to none with the main clinic open 7.30am – 8pm Monday to Friday and **EVERY** Saturday, Sunday and Bank Holiday Monday from 8.00am – 5pm (with no weekend or Bank Holiday surcharge) All branches are open all day every day of the week from 8.30am – 6.30pm (Late nights Tuesday & Thursday until 7.30pm).

With over 100yrs of combined Veterinary expertises to call on there are few problems that Abbey Vets can't resolve.
